WHAT IS THE BOOSTING BUSINESS EVENTS BID FUND PROGRAM?

Tourism Australia supports the Australian business events industry through its marketing and distribution development activities, including the Advance Program which supports delegate acquisition activities for existing international business events taking place in Australia.

From 1 July 2018, Tourism Australia will extend its existing support of the Australian business events industry through the Boosting Business Events Bid Fund Program (BFP), which provides assistance to secure new international business events for Australia.

THE BOOSTING BUSINESS EVENTS BID FUND PROGRAM

Managed by Tourism Australia's business events unit, Business Events Australia, the Boosting Business Events Bid Fund Program (BFP) is designed to increase the conversion of new international business events for Australia through the offer of financial support at the critical bidding stage. The BFP is designed to deliver conversion of business in situations where Australia is bidding against international competitors for the right to host the business event.

The BFP supports expenditure on goods and services within Australia for the purposes of delivering confirmed, qualified business events. The BFP does not subsidise administrative, logistics or marketing costs for international bids, for example for overseas travel for client meetings or marketing materials.

The provision of funds via the BFP is designed to ensure a material difference to event costs. This can include, but is not limited to hard costs for accommodation, venue hire, transport and other event costs.

Funds from the BFP will only be accessible once the bid in question has been confirmed for Australia and contracts are finalised. Funds will be provided in instalments and will be dependent on the delivery of key performance metrics as outlined in BFP contracts.

Tourism Australia recognises that bidding for international business events is an ongoing undertaking and therefore there are no deadlines for submissions to the Boosting Business Events Bid Fund Program. Please note however that the BFP is only available to support bids where a decision will be taken by 30 June 2021.

This Prospectus provides you with a Checklist, Criteria and Terms & Conditions for the Program. Applications for Tourism Australia's Boosting Business Events Bid Fund Program for FY2018/19 will open on 1 May 2018, with funds available to successful applicants from 1 July 2018.

Please familiarise yourself with this Prospectus before submitting an application to the Boosting Business Events Bid Fund Program.

ADVANCE PROGRAM FOR EXISTING BUSINESS EVENTS

The BFP is not available to support the marketing of existing, confirmed international business events taking place in Australia. Tourism Australia's Advance Program can potentially support international delegate acquisition activities for these existing business events. Applications for the Advance Program FY2018/19 will be available on Australia.com/businessesvents from 1 April 2018. Please visit the site to access the Prospectus and Application Form.
