WHAT IS THE BUSINESS EVENTS BID FUND PROGRAM?

Tourism Australia supports the Australian business events industry through its marketing and distribution development activities, including the Advance Program which supports delegate acquisition activities for existing international business events taking place in Australia.

Tourism Australia has extended its existing support of the Australian business events industry through the Business Events Bid Fund Program (BFP), which provides assistance to secure new international business events for Australia.

THE BUSINESS EVENTS BID FUND PROGRAM

Managed by Tourism Australia’s specialist unit, Business Events Australia, the Business Events Bid Fund Program (BFP) is designed to increase the conversion of new international business events for Australia through the offer of financial support at the critical bidding stage. The BFP is designed to deliver conversion of business in situations where Australia is bidding against international competitors for the right to host the business event.

The BFP supports expenditure on goods and services within Australia for the purposes of delivering confirmed, qualified business events. The BFP does not subsidise administrative, logistics or marketing costs for international bids, for example for overseas travel for client meetings or marketing materials.

The provision of funds via the BFP is designed to ensure a material difference to event costs. This can include, but is not limited to hard costs for accommodation, venue hire, transport and other event costs.

Funds from the BFP will only be accessible once the bid in question has been confirmed for Australia and contracts are finalised. Funds will be provided in instalments and will be dependent on the delivery of key performance metrics as outlined in BFP contracts.

Tourism Australia recognises that bidding for international business events is an ongoing undertaking and therefore there are no deadlines for submissions to the BFP. Please note however that the BFP is only available to support bids where a decision is made by 30 June 2021.

In FY1819 Tourism Australia undertook a review of the Bid Fund Program’s first 12 months of activity through a research piece with Snapcracker Research and Strategy — soliciting feedback from both applicants and Australian industry stakeholders. As a result of the findings, Tourism Australia undertook changes to the mandatory eligibility criteria and terms & conditions, which can be found in this prospectus.

Applications for Tourism Australia’s Business Events Bid Fund Program for FY2019/20 are now open, with funds available to successful applicants from 1 July 2019.

Please familiarise yourself with this Prospectus before submitting an application to the BFP.

ADVANCE PROGRAM FOR EXISTING BUSINESS EVENTS

The BFP is not available to support the marketing of existing, confirmed international business events taking place in Australia. Tourism Australia’s Advance Program can potentially support international delegate acquisition activities for these existing business events. The program begins at the start of the financial year through an application process. Please email bea@tourism.australia.com for more information.
