

CAIRNS

Cairns is the only destination in the world where two World Heritage Listed wonders lie side-by-side – the Great Barrier Reef and Australia’s Wet Tropics Rainforest. Explore the oldest rainforest, choose your own adventure on the largest coral reef, and learn from two Indigenous cultures, in a destination that encourages genuine connections to nature and each other.

INSTITUTE OF TROPICAL HEALTH AND LIFE SCIENCES

Cairns is home to the [Institute of Tropical Health and Life](#), with programs encompassing public health, bi-molecular, clinical, and translational health systems research. Research is conducted across several James Cook University centres, exploring key areas including tropical infectious diseases, health security and biosecurity, chronic disorders with high prevalence in the tropics, genetic diseases and health services in regional and remote communities.
