

PERTH

Perth is a modern and vibrant city, consistently rated as one of the most liveable places on earth. Rich in culture, boasting 60,000 years of Indigenous history, unique biodiversity and a temperate climate, it's easy to understand why Western Australia is such an incredible place to meet.

GLOBAL SMART CITY

Perth's established mining, energy and agriculture industries attract investment worldwide. Internationally recognised for its world-leading research and technological advances, Perth's expertise is broad and includes robotics and space technologies, remote operations, cyber security, medical tech, food production and engineering. Western Australia is home to three UNESCO world heritage-listed sites, the [Australian National Phenome Centre](#), and is a world leader in neurology, biodiversity and cyber security research.
